

MUHAMMAD HASNAIN

MERN Stack Developer | Full-Stack Web Applications

Sargodha, Punjab, Pakistan | +92 300 0253031 | muhammadhasnain3031@gmail.com

[LinkedIn](#) [GitHub](#) [Portfolio](#)

PROFILE

MERN Stack Developer with hands-on experience designing, building, and deploying production-grade full-stack web applications using MongoDB, Express.js, React, and Node.js. Proven ability to ship real, deployed projects including a hospital management system, AI-integrated applications, and e-commerce platforms. Strong command of REST APIs, JWT authentication, and modern responsive UI development.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Redux Toolkit

Backend: Node.js, Express.js, REST APIs, JWT Authentication, WebSockets (Socket.io)

Database: MongoDB, Mongoose, MongoDB Atlas

APIs & Integration: Groq AI API, OpenAI API, Cloudinary

Tools & DevOps: Git, GitHub, Vercel, Postman, VS Code, npm

PROJECTS

7+ full-stack MERN applications — hospital management SaaS, AI chatbot, e-commerce, and more — all live and deployed. View every project with live demos and case studies at muhammadhasnain3031-github-io.vercel.app.

EXPERIENCE

Freelance Full-Stack Developer — Fiverr & Upwork Jan 2025 – Present

- Design, build, and deploy full-stack MERN web applications for clients on Fiverr and Upwork, from requirements to live deployment.
- Deliver responsive React frontends, REST APIs with JWT authentication, and MongoDB-backed dashboards for e-commerce, AI, and management platforms.

EDUCATION & TRAINING

MERN Stack Development — PNY Trainings, Sargodha 2025 – 2026

- Professional training in full-stack web development: MongoDB, Express.js, React, Node.js, REST APIs, and deployment.

Bachelor of Arts (B.A.) — University of Sargodha 2021

All projects are live and deployed. Full source code available on GitHub.
